

暑い夏の時期には冷たいものが食べたくります。日本の伝統的な夏の食べ物と言えはかき氷。削った氷に色々な種類のシロップをかけたデザートです。今回は暑さをしのぎ、見た目にも楽しいかき氷を堪能できるかき氷店「yelo」を紹介します。

During the hot summer season, we all crave something cold. Kakigori is one of Japanese traditional summer treats. It is a dessert of shaved ice with various types of syrup. At this time we introduce “yelo,” a specialty kakigori shop where you can enjoy this refreshing and cooling delight to beat the heat.

日本の夏を味わう かき氷〜Kakigori〜

一番人気メニューはティラミス+マスカルポーネホイップクリームトッピング。yelo リピーターはこれを目がけて来店するそう。

The most popular menu is the tiramisu kakigori topped with mascarpone whipped cream. Many of loyal customers come specifically for this.

時期によって色々な野菜のかき氷を出しており、アボカドマスカルポーネは現在隔月でお店に登場。アボカドとミルクのクリーミーさがマッチして美味しい一品。

They also serve a variety of vegetable-based kakigori depending on the season. The avocado mascarpone flavor, for example, appears every other month and is a creamy, delicious combination of avocado and milk.

店主の方がかき氷好きで始めた「yelo」。口当たりはふわふわな雪を連想させる。その氷に合わせた相性抜群な自家製のミルクソースをベースでかけているのが yelo のかき氷の魅力。またどこから食べても美味しく感じるようシロップを3段階に分けてかけているのもポイント◎

“Yelo” was started by an owner who is passionate about kakigori. It has a pleasant mouthfeel and is reminiscent of fluffy snow. The appeal of Yelo's shaved ice is that it is topped with a homemade milk sauce that goes perfectly with the ice. Another unique feature is that the syrup is layered in three stages to ensure that every bite is flavorful no matter where you start.

深夜または明け方まで営業しているので、仕事終わりや夜の散歩時などに気軽にいか氷専門店の味を堪能できるのも魅力の一つ。

One of the great things about Yelo is that the store opens late into the night and even early morning, making it easy to enjoy their specialty kakigori after

レギュラーメニュー以外に期間限定メニューや、お酒を使った「オトナ」なかき氷などもあり選ぶのが楽しい。

In addition to their regular menu, they also offer seasonal limited-time menu, as well as kakigori made with alcohol.
